## website FAQ

**How do I print a calendar?** Select the view you prefer then use the printer icon and select options to suit you from the dialog. Agenda view offers standard views from a day or so up to a year ahead but that might mean printing 20 pages if you want every event from every calendar.

**Can I change an event?** It depends. Has the administrator given you access? Are you invited as a guest (Guests may be given the ability to update the event).

**Why have I been invited to some events not others?** We will use the calendars to help us run the club. If you are running an event or we need to know which instructors can help out with a given training session.

**What can I do if I am running an event?** The invitation can give you access to change the event details shown on the calendar, but beware if you invite others you are giving them the same ability to change the event.

**Who is in charge of each calendar?**

**Open meetings** Rear.Commodore@Blithfield.org.uk

**Main Public calendar** Commodore.@Blithfield.org.uk / Vice.Commodore@Blithfield.org.uk

**Training calendar** Principal of training – Junior.Training@Blithfield.org.uk

**What's in the Open Meeting Calendar?** Details of open meeting events. Remember you may need to click to see further details such as links to *Notice of race* or results pages.

**What's in the Public Calendar?** This is the club's window to the public to show case things which are happening at the club. In most cases they will be headlines, the details will only be available through the members version.

**What's in the Members' Calendar?** This private calendar will show extra details of events: who to contact or how to join in. *Invitations* are used to allow the member responsible for managing the event to add or change details.

**What's in the Training Calendar?** This is used by the training team to help plan events. There will be details of how to sign up. *Invitations* are used to help us see which instructors will be at each session.
